
City of Whitehorse Essential Guide to Services

The Essential Guide to Services publication is a resource for community **non-profit** organizations. Organizations are eligible for **one listing** and a second listing will be offered under the rental facilities section if this applies. The Guide is available on the City of Whitehorse website: www.whitehorse.ca

It is the responsibility of the listed organization to keep their listing updated, and to inform the Parks and Recreation Department of any changes or corrections. The Essential Guide is updated every two years and an organization's listing will be removed if contact information is invalid and/or no contact can be made. If we missed you in the publication, please give us a call. We will include your listing on our website version immediately and update your listing in the next print publication.

Contact Information: (please print clearly)

Name of Organization _____

Location and/or Mailing Address _____

Contact person _____

Alternate contact person (list 1 only) _____

Phone _____ Fax _____
