November 25 – December 10

WHEREAS from November 25th, the *International Day for the Elimination of Violence against Women*, to December 10th, *Human Rights Day*, the 16 Days of Activism against Gender-Based Violence Campaign is a time to promote action to end violence against women and girls around the world; and

She noted that there has been tremendous support from the community in terms of volunteer time and donations. She acknowledged the contributions received from the City and thanked Council for their support. Ms. Edwards stated that previous families have made great use of the transit passes provided by the City, and that passes to the Canada Games Centre would also be well used if they were provided.

Michelle Stimson addressed the Committee to suggest a number of ideas for the betterment of the community. She encouraged other people to come forward with ideas for community improvements.

IDEAS FOR COMMUNITY
For Information Only

A committee member advised that the Yukon Anti-Poverty Coalition has updated the living wage and is recommending the development of a low-fee transit pass. In response to questions raised, Administration advised that the transit system is already heavily subsidised and such a pass would require an alternate revenue source. In addition, considerable time and staff resources would be needed to research a useful model, assess impacts on ridership, and establish how to determine eligibility.

Development Services Committee

Sarah Johnson, Micah McConnell, Aramintha Bradford, Sitka Land-Lewis, Josephine Bossert, Kieran Horton, Heron Land-Gillis, Peter Embacher, Jonah McConnell, Jocelyn Land-Murray and Thane Phillips addressed the Committee to encourage implementation of the recommendations in the 2018 Bicycle Network Plan in a timely manner.

Their comments focused primarily on safety issues, including the need for better lighting in certain locations, the need for safe cycling routes and connected bike paths, and the need for safe intersections, specifically on the Alaska Highway at Hillcrest and at the Two Mile Hill, and the intersection of Second and Fourth Avenues

BICYCLE NETWORK
PLAN IMPLEMENTATION
For Information Only

The majority of the delegates expressed a desire to see the recommendations implemented in a timely manner. They asked council to commit to a clear time-line for implementation and requested that all of the short-term recommendations be completed by 2022 and not 2023 as specified in the plan.

Keith Lay stated the opinion that substantial progress has already been made with a number of projects identified in the Bicycle Network Plan, and noted that the timeline for the completion of the recommended short term projects is one to five years. He also suggested that as e-bikes are motorized they are not considered to be an active form of transportation, regardless as to whether or not the electric assist is being used.

Your Worship, the City Operations Committee respectfully submits the following report:

1. Contract Extension – Landfill Operations

The contract for the operation of the Waste Management Facility expired in June of this year and a tender to procure the work was not finalized in time to allow for award ahead of the expiry date. To ensure no gap in service, the existing contract was extended to November 30, 2019.

Due to operational demands in the Water and Waste Department and the loss of a key member of the administrative team, the department has been unable to maintain the original schedule intended for this procurement. This contract is one of the most expensive operational contracts that the City procures from private industry. It is critical that the tender reflect the most up to date operational practices and the current realities of the City’s solid waste management system.

Administration is proposing that the existing contract be extended to allow sufficient time to complete the procurement process. The cost has been accounted for in the approved 2019 operating budget and the 2020 provisional operating budget.

The recommendation of the City Operations Committee is

THAT Administration be authorized to extend the contract for the 2014 Solid Waste Disposal – Landfill Operations to Castle Rock Enterprises to June 30, 2020 for a net cost to the City of \$255,458.28 plus GST.

1. Ushiku Sister City Exchange Program – For Information Only

The next exchange visit of Whitehorse students to Ushiku, Japan is scheduled for the summer of 2020. The 2020 Summer Olympics will take place in Tokyo from July 24th until August 9th. The timing of the Olympics affects travel logistics, Ushiku student school schedules, and the availability of host families before, during and after the Olympics. It has therefore been decided by the administration of both cities that Whitehorse will postpone sending students to Ushiku until the summer 2021.

As 2020 marks the 35th anniversary of the exchange between the two cities, Whitehorse will organize a small cultural event to mark the milestone, celebrate our friendship and connection with our sister city, and increase awareness about the program for 2021. The timing of this cultural event has not yet been determined.

2. Winter Clothes Drive – For Information Only

The Committee was advised that the Kwanlin Dün First Nation is holding a winter clothing drive to collect new and gently used winter clothing. If anyone has items of winter clothing to donate, please take them to the Kwanlin Dün Health Centre.

Your Worship, the Development Services Committee respectfully submits the following report:

1. **Building Height and Wall Concerns** – For Information Only

Robert Wills addressed the Committee to express concerns regarding the safety and stability of buildings being built in Whitehorse. He explained that recent trends in construction have resulted in buildings with few interior walls and considerable glazing on exterior walls, therefore providing little lateral strength. Buildings must be able to resist lateral movement such as occurs with high winds and earthquakes. The taller the structure, the greater the risk of collapse and danger to the public. Mr. Wills stated that this issue has been raised by structural engineers across the country and by the Yukon Association of Professional Engineers. He also stated that the National Building Code does not match the standards of other countries. He asked council to pursue changes to the National Building Code.

Your Worship, the Corporate Services Committee respectfully submits the following report:

1. Request for Support – Indigenous Day Live 2020 – For Information Only

Sky Bridges addressed the Committee on behalf of APTN to request support for Indigenous Day Live 2020.

2. Contract Award – Supply of Printers and Printer Services

The printers being used throughout the City are all over eight years old and are nearing the end of their life cycle. In response to a request for proposals issued, two compliant proposals were received.

The proposals were evaluated by an internal committee in accordance with the Purchasing and Sales Policy and the criteria established in the request for proposals. The capital and operating budgets contain sufficient funds for the annual capital requirements and the operation portion of this contract.

The recommendation of the Corporate Services Committee is

THAT administration be authorized to award the contract for the supply of printers to MRG Technologies Inc. in the amount of \$130,000 plus GST; and:

That administration be authorized to award the contract for the supply of printer supplies and maintenance to MRG Technologies Inc. in an amount not to exceed \$99,000 plus GST, covering the next three-year period.

3. Urban Electrification Local Improvement

In 1989 the City began assisting with the cost of electrifying urban property by financing it as a loan to the property owners and charging the cost back to the property as a local improvement charge. In order to have an application approved the applicant must have title to the property, current taxes must be paid in full, and the cost of the work must not exceed 75% of the assessed value of the property. The owners of the property located at 10 Haldane Place in Pineridge have met all the conditions of the urban electrification program. A bylaw is required to provide for a work of local improvement.

The recommendation of the Corporate Services Committee is

THAT the application under the urban electrification program for Lot 26 Pineridge Subdivision, located at 10 Haldane Place, be accepted; and

That Bylaw 2019-17, a bylaw to authorize local improvement charges for urban electrification at 10 Haldane Place, be brought forward for consideration under the bylaw process.

4. Third Quarter Capital Variance Report

As part of the City's third quarter variance reporting there is a requirement for managers to review their planned capital spending. Most projects are proceeding as planned and a few have been successfully completed under budget. Other projects are either expected to carry forward into 2020 through the capital re-budget process or will be cancelled as they have been re-scoped and resubmitted as part of the next capital budget.

A budget amendment is required in order to reduce the 2019 capital budget by \$1,685,552 with all of the funds returning to reserves or external funding sources

The recommendation of the Corporate Services Committee is

THAT amendments totalling \$1,685,552 to the 2019 to 2022 capital expenditure program be authorized as detailed in Appendix 2 to the November 18th Administrative Report.

5. Third Quarter Operating Variance Report – For Information Only

The 2019 third quarter variance projection shows that total operating revenues will be under budget by \$652,427 and expenses will be under budget by \$1,137,139.

Therefore, operating projections to December 31, 2019 as compared to the revised budget indicate an operating surplus of \$484,712.

A Committee member raised concerns with respect to the garage charges.

Overall department spending is controlled. Based on the total operating budget, the third quarter positive variance is well within 1% of the City's total operating budget.

6. Draft Yukon Climate Change Strategy – For Information Only

A committee member advised that the Yukon Government has released a document titled ***Our Clean Future***. This document is the draft climate change, energy and green economy strategy for Yukon. It was recommended that all members of council and senior management review this document before the strategic plan update process begins next year.

Your Worship, the City Planning Committee respectfully submits the following report:

1. Rezoning Process – For Information Only

Cam Kos addressed the Committee to request that potential developers be required to provide a development plan with any request for a zoning amendment. He noted that past experience shows that the proposals change and the eventual outcome is different from the original proposal.

Mr. Kos stated that there are lots available for multi-residential development and therefore spot zoning such as recently occurred in Porter Creek is not necessary. He suggested that existing large residential lots should remain available for people who are looking for larger properties.

Mr. Kos also suggested that a second public hearing for a proposed rezoning should be scheduled if there is new information available regarding the project proposed for the site.

2. Bylaw for the Sale and Transfer of Land Beside 2 North Star Drive

On September 9, 2019, Council referred Bylaw 2019-16 and the issue of a lot expansion versus an easement agreement back to Administration for additional information.

The request for an easement went through the appropriate process and was denied by the approving authority. The decision is final as the Easement Authority Bylaw does not provide an appeal process. An encroachment agreement is not a recommended action as it does not provide security of tenure for the property owners.

Administration has determined that the portion of the public utility lot sought by the property owner is not currently being used for any utility except for the ATCO switch cube, and the City does not anticipate having any future need for it. If the land is sold, protection of the ATCO switch cube by an easement within the privately titled land would be a requirement of the sale agreement. Any future utility installations would need to be installed within the remaining public boulevard and/or other areas within the Falcon Drive right-of-way, which is already the case for most of the length of Falcon Drive.

The recommendation of the City Planning Committee is

THAT Bylaw 2019-16, a bylaw to authorize the sale and disposition of a portion of P.U.L. 19 to the owners of 2 North Star Drive, be brought forward for consideration under the bylaw process.

3. Lease Agreements – Pioneer Hotel 1 and Pioneer Hotel 2

Pioneer Hotels 1 and 2 (also known as Jenni House and Hatch House, respectively) are heritage structures owned by the City of Whitehorse. The current tenants are both non-profit organizations that have been leasing the premises for a number of years.

Based on the demonstrated programming successes and cooperation between the Yukon Film Society and the Yukon Literacy Coalition, administration is recommending extending the leases for a five-year term. Both organizations have proven to be good tenants, and are positive contributors to the community.

In response to a question raised about other possible tenants, administration advised that interest in leasing these buildings has historically been very low and therefore a request for expressions of interest was not pursued.

The recommendation of the City Planning Committee is

THAT Bylaw 2019-22, a bylaw to authorize a lease agreement with the Yukon Film Society with respect to Pioneer Hotel 1, also known as Jenni House, be brought forward for consideration under the bylaw process; and

THAT Bylaw 2019-23, a bylaw to authorize a lease agreement with the Yukon Literacy Coalition with respect to Pioneer Hotel 2, also known as Hatch House, be brought forward for consideration under the bylaw process.

4. Zoning Amendment – 25 Rhine Way/468 Range Road

Councillor Boyd declared an interest in the proposed project and recused himself.

The owner of the properties located at 468 Range Road and 25 Rhine Way is proposing to develop a seniors' community on the two lots, with the first phase being a supportive housing development at 468 Range Road. The owner has applied to rezone a portion of the 25 Rhine Way property to allow for a boundary realignment and a reduction of the parking requirements.

The current zoning of 25 Rhine Way is Comprehensive Residential Multiple Family 2 and the zoning of 468 Range Road is Mixed-Use Commercial. The proposed zoning for both 468 Range Road and a portion of 25 Rhine Way is Mixed-Use Commercial (modified). Supportive housing is an allowable use under the CM1 zone, with a special modification to reduce the parking requirement.

Dave Borud addressed the Committee on behalf of the proponent to explain that the proposed project will provide housing for people having difficulty in their own homes but not ready for a care facility. This client group doesn't drive and therefore the parking reduction is fair and adequate for independent adult living transitioning to supported care.

The recommendation of the City Planning Committee is

THAT Bylaw 2019-21, a bylaw to amend the zoning of a portion of 25 Rhine Way and 468 Range Road in the Takhini neighbourhood to allow for a boundary realignment and reduced parking requirements for a supportive housing development, be brought forward for consideration under the bylaw process.

5. Zoning Amendment – Keno Way

Administration is proposing a number of changes to the Comprehensive Neighbourhood Commercial 2 zone in advance of the sale of commercial lots on Keno Way in Whistle Bend. The changes are intended to implement a more urban design that would function similar to Main Street and complement the location of the town square as the centre of the neighbourhood. This zone was developed as part of the Master Plan design work for Whistle Bend and has only been applied to lots on Keno Way.

The changes proposed in this bylaw are generally intended to promote an urban design for Keno Way that is focused on a pedestrian friendly scale and uses that will create vitality along the street. The proposed bylaw refines the principal uses to promote customer-oriented development that will result in a vibrant streetscape. It also would allow for a greater scale of development on each lot that is more in line with urban, downtown development than suburban development

The recommendation of the City Planning Committee is

THAT Bylaw 2019-20, a bylaw to amend the Comprehensive Neighbourhood Commercial 2 zone, be brought forward for consideration under the bylaw process.

ADMINISTRATIVE REPORT

TO:	Mayor and Council
FROM:	Administration
DATE:	November 25, 2019
RE:	Amend Contribution Agreement – Grant for Cornerstone Building Project

ISSUE

Amendment of the contribution agreement between the City of Whitehorse and Challenge Disability Resource Group for the proposed Cornerstone Building.

REFERENCE

- Bylaw 2018-44 – Operating Budget Bylaw Amendment Bylaw
- Proposed Bylaw 2019-25 – Amending Bylaw 2018-44

HISTORY

Challenge Resource Disability Group (CRDG) is a non-profit organization that works with service providers to assist people with disabilities to become active and independent in their community by learning real job skills and entering the job market.

CRDG is proposing to construct a building called the Cornerstone Building that will consist of affordable rentals, supportive housing, market real estate, ground floor retail (Twisted Wood Shop and Bridges Café), and office spaces. The land located at 704 Main Street was sold by the City to CRDG.

In July 2018 City Council approved a \$1,000,000 grant in support of this project. This amount was approximately the same amount that the City was to collect through the land purchase and development fees for the building. Approval was issued through the adoption of a budget amending bylaw, Bylaw 2018-44, which included a contribution agreement laying out the terms and conditions of the grant. CRDG has also successfully secured other Government of Yukon and federal funding to help the project proceed. Construction is anticipated to commence in 2020 and a Request for Tender has been advertised.

CRDG has received a development permit from the City which triggers release of the City grant to a Trust to draw upon as the construction proceeds. In preparation of the payment, Administration discovered that the building plans no longer align with the contribution agreement.

At the time of the City grant approval, a mix of 48 units of affordable housing units were proposed with seven additional units on the top floor to be market units for sale (total = 55 units). However, as the design progressed from conceptual to detailed, the breakdown of the type of units and total number was revised to a new total of 53 units. As the unit breakdown and total differs from the Contribution Agreement, an amendment to the approving bylaw is necessary.

ALTERNATIVES

1. Approve the revised contribution agreement and bring forward an amending bylaw.
2. Do not proceed with amending the contribution agreement.

ANALYSIS

Two relevant changes to the concept design have occurred since Council awarded the grant in 2018. First, the Canada Mortgage and Housing Corporation changed their eligibility requirement for funding by increasing the number of accessible units required from 10% to 20%. This caused a decrease in the number of affordable housing units from 48 to 45, but increased the accessible units from six to nine.

The second change was an increase to the top floor condominium units after it was determined by CRDG that there was no demand for the proposed three-bedroom unit. They converted this unit into an additional one-bedroom unit and one two-bedroom unit. These changes revised the total number of housing units from 55 to 53.

The changes that have occurred to the Cornerstone Building design are relatively minor. The revised project should still make a considerable impact on the supply of supportive housing and near-market affordable rental housing. The top floor market units for sale create revenue to subsidize the building mortgage. All of these units are in the process of sale agreement finalization.

Not approving the amendment may cause CDRG to delay the project and redesign the building back to the original number of units, or to proceed without any partnership from the City.

The original contribution agreement was approved by adoption of the budget amendment bylaw. Pursuant to the *Municipal Act*, a bylaw is required to amend the agreement.

RECOMMENDATION

THAT a revised Contribution Agreement between the City of Whitehorse and the Challenge Disability Resource Group to update the type and total number of units in the Cornerstone Building project be approved; and

THAT Bylaw 2019-25, a bylaw to amend Bylaw 2018-44, be brought forward for due consideration under the bylaw process.

5.3. *Lessor Unable to Perform*

Whenever and to the extent that the Lessor shall be unable to fulfil or shall be delayed or restricted in the fulfilment of any obligation hereunder in respect of the supply or provision of any service or utility or the doing of any work by reason of being unable to obtain the material goods, equipment, service, utility or labour required to enable it to fulfil such obligation or by reason of any strike or lock-out or any statute, law, or order-in-council or any regulation or order passed or made pursuant thereto or by reason of the order or direction of any administration, controller or board or any governmental department or officer or other authority or by reason of any cause beyond its control either of the foregoing character or not, the Lessor shall be relieved from the fulfilment of such obligation and the Lessee shall not be entitled to compensation for any loss, inconvenience, nuisance or discomfort thereby occasioned.

The Lessee's insurance shall be in effect for the duration of the lease term.

The Lessee acknowledges that there are no promises, representations or undertakings by the Lessor as to any alterations, remodelling or decorating of the Lands and Premises or installations of equipment or fixtures therein except such, if any, as are expressly set forth in this Lease.

5.7. Relief of Lessor on Sale

The Lessee shall from time to time at the request of the Lessor promptly execute and return to the Lessor such certificates confirming the current status of this Lease in such detail as the Lessor may require.

- (1) That portion of Lot 8 (Remainder), Group 5 (804), Plan 20502 LTO, City of Whitehorse, Yukon Territory;

Comprising approximately 0.022 hectares more or less and shown outlined in yellow in the sketch attached hereto as Schedule "A" (the "Lands").

1.2. Term

To have and to hold the Lands and Premises, within which the Lessee will operate as a programming, activities and events space for the Yukon Literacy Centre, for and during the term of November 1, 2019 up to and including October 31, 2024.

Provided that in the event of a bona fide dispute by the Lessee of the validity or correctness of any such claim of lien, the Lessee shall be entitled to defend against the same and any proceedings brought in respect thereof after having first paid into Court the amount claimed and such costs as the Court may direct or having provided such other security as the Lessor may in writing approve to ensure payment thereof. Provided further that upon determination of the validity of any such lien, the Lessee shall immediately pay any judgment in respect thereof against the Lessor, including all proper costs and charges incurred by the Lessor and the Lessee in connection with any such lien and shall cause a discharge thereof to be registered without cost or expense to the Lessor;

(5) *Grounds*

The Lessor shall provide lawn care and maintenance for all that portion of the Lands not occupied by buildings.

4. Rights and Remedies of the Lessor

If default or breach or non-performance of any of the covenants or agreements in this Lease contained on the part of the Lessee continues for 30 days after written notice thereof has been given by the Lessor to the Lessee, then it shall be lawful for the Lessor at any time thereafter without notice to re-enter the Lands and the same to have again, repossess and enjoy as of its former estate, anything herein contained to the contrary notwithstanding. If the Lessor re-enters the Lands and Premises by reason of the default of the Lessee prior to the expiry of the term of this lease, the Lessee will be liable to the Lessor for the amount of rent for the remainder of the term as if such re-entry had not been made, less the actual amount received by the Lessor after such re-entry from any subsequent leasing of the Lands during the remainder of the term after deducting the Lessor's costs of re-letting the Lands.

Neither this Lease nor any interest therein nor any estate hereby created shall pass to or enure to the benefit of any trustee in bankruptcy or any receiver of any assignee for the benefit of creditors or otherwise by operation of law.

4.4. Distress

Whensoever the Lessor shall be entitled to levy distress against the goods and chattels of the Lessee, the Lessor may use such force as it may deem necessary for that purpose and for gaining admittance to the Lands and Premises without being liable in any action in respect thereof, or for any loss or damage occasioned thereby and the Lessee hereby expressly releases the Lessor from all actions, proceedings, claims or demands whatsoever for or on account of or in respect of any such forcible entry or any loss or damage sustained by the Lessee in connection therewith.
