PUBLIC HEARING

Mayor Curtis advised that, since the meeting was closed to in-person public participation due to the COVID-19 pandemic, council would rely on written submissions with respect to Bylaw 2021-11, a bylaw to amend the zoning at 410 Cook Street by reducing the minimum parking requirements to allow for a micro-housing development.

Fourteen written submissions were received – four in support; eight opposed and/or expressing concerns; plus two general inquiries.

COMMITTEE REPORTS

Corporate Services Committee

2021-04-03

It was duly moved and seconded THAT Bylaw 2021-09, a bylaw to amend Write-off Bylaw 2021-07 to remove an account that has been paid, be brought forward for consideration under the bylaw process.

BRING FORWARD
AMENDMENT TO THE
WRITE-OFF BYLAW

Carried Unanimously

In accordance with the requirements of the Council Procedures Bylaw, summary reports were provided for the 2020 calendar year for each member of council with respect to:

- (1) their attendance record;
- (2) the travel undertaken in the performance of their duties;
- (3) the expense claims submitted, and
- (4) their voting record on issues that came before council for a vote.

COUNCIL SUMMARIES
FOR 2020

For Information Only

A councillor suggested that these reporting requirements do not provide sufficient clarity regarding the activities of council members. He presented a detailed report on the activities in which he participated as a member of council in the past year, and suggested that this type of report more accurately captures the time commitment required of council members.

Administration advised that the Association of Yukon Communities invoice recorded as part of Councillor Roddick's expenses was for a registration fee that has since been refunded. The record of council member expenses has been adjusted accordingly.

Discussion

In response to questions raised regarding funding for City projects from the Investing in Canada Infrastructure Program, administration confirmed that delays in receiving funding approval will negatively impact construction schedules. In the event that a territorial election is called before funding approval is confirmed, alternative funding sources will have to be identified for critical projects.

PROJECT FUNDING
For Information Only

Administration also confirmed that the City expects to be eligible for funding under the recently-announced Permanent Transit Fund, but no details are available at this time.

City Planning Committee

2021-04-04

It was duly moved and seconded THAT Bylaw 2021-14, a bylaw to amend the zoning bylaw with respect to a number of periodic revisions, be brought forward for consideration under the bylaw process.

Public Health and Safety Committee

Following completion of the *Second Avenue Corridor Study* in 2020, administration was asked to explore options for safety interventions that would benefit the entire Downtown area. Specifically, council wanted information on whether reduced speed limits would provide a quick and inexpensive way to improve road safety.

DOWNTOWN SPEED
REDUCTIONS AND
SAFETY ISSUES

This led to the development of the *Memorandum on Safety Interventions and Downtown Speed Reduction (2020)*.

For Information Only

.../continued

The *Memorandum on Safety Interventions and Downtown Speed Reduction* provides a literature review and discusses case studies related to setting regulatory speed limits.

Both the literature and case studies suggest that significant road safety benefits can be realized with changes in regulatory speed limits, even in the absence of major infrastructure improvements.

The proposed recommendations are:

- a speed limit of 40 km/hr on the major arterials of 2nd Avenue and 4th Avenue; and
- a speed limit of 30 km/hr on side streets and elsewhere.

The proposed changes align with modern speed management and regulation practices that consider setting regulatory speed limits based on adjacent land use context and the human body’s ability to absorb impacts in the event of a collision.

The proposed regulatory speed limit changes are anticipated to reduce high-end speeding and also to reduce severe injuries and fatalities for all road users.

While regulatory speed limit changes can result in some road safety benefits, eventually these need to be paired with capital improvements to infrastructure in order to realize full road safety benefits. This will ensure that the street design matches the regulatory speed, and ultimately reinforces the target speed of the roadway.

The next steps will see proposed amendments to the Traffic Bylaw and a capital budget request being brought forward for consideration by council.

ADJOURNMENT

Minutes of the meeting of the Corporate Services Committee

Date	March 1, 2021	2021-05
Location	Council Chambers, City Hall	
Committee Members Present	Councillor Stephen Roddick – Chair Councillor Jocelyn Curteanu – Vice-Chair Mayor Dan Curtis Councillor Dan Boyd Councillor Laura Cabott Councillor Samson Hartland Councillor Jan Stick	
Staff Present	Linda Rapp, City Manager Jeff O’Farrell, Director of Community and Recreation Services Valerie Braga, Director of Corporate Services Mike Gau, Director of Development Services Lindsay Schneider, Acting Director of Human Resources Peter O’Blenes, Director of Infrastructure and Operations Catherine Constable, Manager of Legislative Services Gloria Kasigazi, Procurement Supervisor Norma Felker, Assistant City Clerk Will Schenn, Policy Analyst	

Your Worship, the Corporate Services Committee respectfully submits the following report:

1. Forthcoming Procurements – For Information Only

In accordance with the Procurement Policy that came into effect on January 1, 2021, a list of forthcoming procurements with an anticipated value greater than \$100,000 must be provided to council on a bi-monthly basis. Department managers reviewed their capital projects and operating requirements and have provided a list of anticipated procurements valued at over \$100,000 for March and April 2021. A total of 17 projects are on the list.

Committee members thanked administration for the improved format and level of detail provided. In response to a question regarding sustainable procurements, administration advised that commencement reports will include the sustainability aspects. For other procurements, the sustainability aspects will be included in the semi-annual report.

2. Election 2021 Procedures Bylaw

The *Municipal Act* regulates the conduct of municipal elections and requires council to establish by bylaw election procedures specific to the City of Whitehorse.

In conjunction with the 2018 bylaw adopted to provide for the use of tabulators at City elections, the proposed Election Procedures Bylaw addresses the variables specific to the conduct of the 2021 election in Whitehorse. The bylaw appoints the Returning Officer and delegates to that person the authority to administer the conduct of the election. As required under the Act, the proposed bylaw establishes the time and place for the submission of nomination papers, provides for a Board of Revision, and sets the honorariums to be paid to election officials.

The proposed bylaw also establishes the use of an electronic list of electors to enable a “vote anywhere” system, and provides that eligible voters who are not on the list of electors will be able to swear in at the polls.

Under the emergency provisions of section 265 of the *Municipal Act*, the bylaw provides for contingencies in the event that COVID-19 restrictions will still be in place when the election period commences. Specifically, the bylaw provides that any eligible elector may vote by special ballot or at an advance poll. Expanding the options for special ballot voting will allow for mail-in ballots. Eliminating the restrictions in place for advance poll voting expands the options for electors. Both of these measures should encourage voter turn-out and also increase the City’s ability to provide the protections necessary for electors and for election staff under pandemic restrictions.

The bylaw also allows the Returning Officer to establish additional advance poll days to minimize the crowding and wait times normally experienced at advance polls. As a special contingency measure, the City Manager is delegated the authority to close the polls and set an alternate date for the receipt of mail-in ballots in the event that the Chief Medical Officer of Health imposes new restrictions on polling day.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2021-16, a bylaw to regulate the 2021 municipal election in the City of Whitehorse, be brought forward for consideration under the bylaw process.

3. Repeal of Out-Dated or Redundant Bylaws

Administration is proposing the repeal of ten bylaws that are no longer in use but have not been repealed or replaced. The bylaws recommended for repeal are out-dated or have been rendered redundant by the passage of updated City bylaws or Yukon legislation. Many of the bylaws refer to legislation that has long since been updated, replaced or repealed.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2021-17, a bylaw to repeal out-dated or redundant bylaws, be brought forward for consideration under the bylaw process.

4. Updating References in Selected Bylaws

Administration is bringing forward a bylaw to update the *Municipal Act* references in four current bylaws. These bylaws refer to sections of the *Municipal Act* that were in effect at the time each bylaw was adopted. Amendments to the Act since that time have made the references in these bylaws invalid.

The recommendation of the Corporate Services Committee is

THAT Bylaw 2021-18, a bylaw to update the *Municipal Act* references in various bylaws, be brought forward for consideration under the bylaw process.

In accordance with a Memorandum of Understanding between the City and Elections Yukon, an electoral district based on City boundaries will be created in the VoterView software used by Elections Yukon, and this software will be updated in September 2021 for use by the City in the 2021 municipal election.

- (4) In the event of a power failure, some polls may be temporarily closed until power is restored.
- (5) In the event that power is unable to be restored in a timely manner, some polls may remain closed and electors will be directed to an alternate polling place. The list of electors will be manually updated to ensure that it accurately reflects the names of electors who have already voted until the power is restored or until the close of the polls.

30. Electors will be required to produce identification at the poll to verify that they are the voter whose name appears on the list of electors.
31. If the elector does not have photo ID such as a driver's license, general identification card or passport, two other pieces of identification showing the elector's name and address shall be deemed acceptable provided that at least one of the alternate pieces of identification:

- (1) Minor discrepancies in spelling between documents will not invalidate an elector's documentation.
 - (2) In the event that proof of identity or residency documents are deemed invalid by election officials, electors may still be issued a ballot provided that they sign an oath declaring that they qualify as an eligible elector.

BYLAW 2021-17

A bylaw to repeal out-dated and redundant bylaws.

Explanatory Notes

The attached bylaw repeals a number of out-dated and redundant bylaws. The reasons for the repeal are detailed as follows:

Committees to Assist the Mayor Bylaw 112

Part 3 of the *Council Procedures Bylaw* regulates the creation and operation of standing committees, making this bylaw redundant.

Bylaw 112 was passed in 1958.

Lords Day Permits Bylaw 130 (as amended)

This bylaw restricted the playing of public sports, games, movies, theatrical performances, concerts and lectures on Sundays. The authority for this bylaw was based on section 3 of the Lord's Day Ordinance, which is no longer in effect. This bylaw could also be in violation of sections 2(a) and 15(1) of the *Canadian Charter of Rights and Freedoms*.

Bylaw 130 was passed in 1962.

Hotel and Rooming House Bylaw 187

Section 3 of this bylaw concerns the construction and renovation of hotels, which is currently addressed in sections 3 to 6 of the *Hotels and Tourist Establishments Act*. Sections 5 to 24 of the bylaw mandates what must be provided to guests by hotel operators, and sets out the health and safety requirements for hotel operators, all of which are regulated by the *Hotels and Tourist Establishments Act* (section 7) and the *Public Health and Safety Act* (section 2).

Bylaw 187 was passed in 1966.

Public Health Bylaw 443 (as amended)

This bylaw provided regulations for a number of areas concerning public health. Section 5 of the bylaw regulates the creation of a public health nuisance, which is covered by the Yukon *Public Health and Safety Act* (PHSA) sections 2 (d), (e), and (q). Section 6 of the bylaw addresses prohibitions for individuals, which are also addressed in the PHSA sections 2(d), (h), (i), (j), (k), (m) and (r). Section 7 of the bylaw prohibits the practice of blood or bone boiling and other extraction practices with animal parts. There is a similar clause in section 2(m) of the PHSA. Section 8 of the bylaw mandates timely removal of animal carcasses, which is also addressed in section 2(aa) of the PHSA. Section 9 of the bylaw prohibits persons from depositing things that may become a public health or safety issue, the PHSA contains similar sections in section

2(j). In section 10 of the bylaw, it mandates that residences must be 500 yards from a waste disposal facility. Yukon *Environment Act* mandates that the waste disposal facility's boundary must be 500 m from any building used for human habitation or food storage. Sections 11, 12, 13, and 14 regulate unsanitary conditions in buildings. Similar legislation regarding unsanitary conditions exists in sections 2(d) and (e) of the PHSA, the *Building and Plumbing Bylaw* (sections 38, 53, and 73), and the *Sewer and Storm Utility Bylaw* (sections 27, 57, and 58). Section 15 of the bylaw regulates airspace in buildings used for human habitation, which is also covered in section 2(f) of the PHSA. Sections 16 to 24 of the bylaw regulate the provision of potable water and sanitary facilities. The PHSA provides extremely similar legislation in sections 2(h), (i), (k), the Yukon Drinking Water Regulation, Sewage Disposal Systems Regulation, in addition to sections 55-69 of the current *Sewer and Storm Water Bylaw*, and section 80 of the *Building and Plumbing Bylaw*.

Part 2 of the bylaw (sections 27-51) regulates food handling and marketing. Similar legislation currently exists in sections 2(l), (m), (n) and (z) of the PHSA, in addition to the Regulations Governing the Sanitation of Eating or Drinking Places in the Yukon Territory. Bylaw 443 was first passed in 1975.

Trailer Registration Bylaw 481 (as amended)

This bylaw required the registration of trailers designed for the purpose of sleeping or dwelling. Trailers in transit through the city, trailers used for recreational or tourist purposes only, trailers on individual residential mobile home lots and new unoccupied trailers being held for sale were exempt from the registration requirement. Current registration requirements for trailers are set out in sections 39, 44 and 57 of the Yukon *Motor Vehicles Act*.

Bylaw 481 was first passed in 1979.

Zoning Appeals Board Bylaw 517 (as amended)

The *Zoning Bylaw* now regulates how residents may present appeals to the Board of Variance or to Council in sections 4.14.5 and 4.15, making this bylaw redundant.

Bylaw 517 was first passed in 1976.

Neighbourhood Improvement Bylaw 789

This bylaw offered financial incentives to property owners to improve the exterior appearance of their properties through the issuance of grants. The grants through the bylaw were limited to 10% of the purchase price of materials to a maximum of \$500.

Some of the clauses in this bylaw could be used in the drafting of a future bylaw, possibly incorporating incentives for Fire Smart renovations related to the Wildfire Risk Reduction Strategy.

Bylaw 789 was first passed in 1980.

Explanatory Notes for Bylaw Repeal Bylaw 2021-17

Road Cut Bylaw 790

This bylaw regulated road cuts on highways and roads within City boundaries. This bylaw is now redundant due to current *Road Closure Construction and Storage Bylaw*.

Bylaw 790 was passed in 1981.

Parks and Recreation Fees and Charges Bylaw – 97-18

This bylaw was consolidated with Bylaw 98-12 in June, 1998 and made redundant by the passing of the *Fees and Charges Bylaw*. The Parks and Recreation Fees and Charges Bylaw was not repealed as only the fee schedule was consolidated into Bylaw 98-12, which has since been replaced by the current Fees and Charges Bylaw.

Planning Study Bylaw 2006-11

This bylaw required the preparation of a planning study and a green space map as part of the preliminary development process for any new residential development, and further required that the green space map be submitted for public input by plebiscite. Current planning practices provide greatly enhanced opportunities for public engagement, making this bylaw a barrier to timely land development.
