## Council Questions – Standing Committee May 6, 2024

### 1. Housing Development Incentive Policy Amendment – Tipping Fees

#### *a. Does construction material count as unsorted waste?*

An inspected load of construction/demolition material containing more than 10% clean wood, metal, cardboard, or other controlled/banned materials is considered unsorted. Materials containing asbestos needs to be separated and contained before being accepted at the landfill.

#### *b. Would most of what would be demolished from a building be ineligible?*

Only sorted materials from demolished buildings will be eligible under the program. Hazardous materials are not eligible under the program.
